SUMMARY

Highly accomplished Fullstack Developer with over 10 years of experience in designing, developing, and deploying scalable end-to-end applications.

Eager to leverage advanced technical expertise to build innovative, real-world problem-solving solutions that drive significant impact.

EXPERIENCE

FrontEnd

Jun 2026 - Dec 2026

AMK

- Engineered and optimized a high-performance, intuitive UI for AMK's mobile application, utilizing modern frontend frameworks to deliver a seamless, cross-platform user experience. This clean design integration successfully reduced user drop-off rates by 22% and enhanced mobile application loading speed by 30%.

Fullstack

Feb 2026 - Aug 2026

CADT

- Engineered a high-performance, full-stack Learning Management System (LMS) that streamlined academic resource distribution and assignment submissions for CADT students. Additionally, spearheaded the technical development for the robotics team, securing 1st place and a \$4,000 grand prize at the prestigious Robotcon competition.
